

**CUSTOMER RELEASE NOTES**

**Vertical Horizon – Patch Release  
Firmware Version 1.0p  
December 2, 2003**

**INTRODUCTION:**

This document provides specific information for version 1.0p of firmware for the Vertical Horizon VH-2402-L3 switch.

**It is recommended that one thoroughly review this release note prior to the installation or upgrade of this product.**

**NOTICE: A Patch Release contains a small set of specific feature corrections. It has not been subjected to the same standard of regression testing that a Generally Available Release would be. A Patch Release has been tested only to confirm that the specific feature set is functioning as expected. Unless otherwise stated in the Release Notes, a Patch Release has the same restrictions and limitations as the code upon which it was based. Please read *all* of the Release Notes pertaining to the Generally Available release prior to installation of any Patch in your production network. Please report any undocumented issues you find using the normal technical support procedures found in your product documentation.**
